Permit Conditions		
San Juan Island National Historical Park		
<u>Weddings</u>		

1. The immediate area used for the wedding will remain open to park visitors and will not be roped off or closed.
2. Due to protection concerns for plants and wildlife, certain areas in the park are deemed non-compatible with group activities. Location of ceremony may be very specific for protection of these species.
3. Park buildings will not be available to house the wedding or any other preparations in case of inclement weather. Tent canopies are only allowed at American Camp's 4th of July and South beaches.
4. All vehicles are restricted to existing roads and parking areas. Carpooling is encouraged, especially for larger weddings, and the park may specify a parking plan.
5. Any materials or supplies (e.g., chairs, flowers) brought in for the wedding will be removed from the park afterwards. No materials or supplies may be affixed to any natural feature or historic resource. No holes may be dug in the ground to support any equipment.
6. Musical instruments can be played during the ceremony providing that no amplification equipment is used. No public address or other voice-enhancing systems will be operated.
7. All pets must be leashed. No rice, bird seed or flowers will be thrown; no butterflies or balloons will be released.
8. After the ceremony, the area will be policed and all trash will be collected and removed from the park.
9. A park ranger will monitor the wedding to protect park resources and resource values and has the authority to modify permit conditions or revoke the permit entirely to avoid jeopardizing these resources and values.
